

Board of Directors

Lead. Partner. Advocate.

YW is a force for empowering women. We answer today's needs and continue to look toward tomorrow. We work in long-term relationships with the women we serve and for the benefit of society. We work for women, we volunteer for women, we advocate for women, we raise funds to improve women's lives, and we work with all in our community who share our vision of empowering women. And together, when we guide women toward becoming secure, we are building stronger, self-sufficient families and communities.
